

Leo's Fall Landscaping Fundraiser

The Park PTC is very excited to continue our relationship with Leo's Landscaping.

Leo's is a well-established, popular, professional and full service landscaping firm. Leo's Landscaping is happy to continue with our school's fundraising efforts by sharing a generous 5% of proceeds from District 102 family landscaping business.

Leo's crews will carefully install brick or stone patios and walkways (ICPI certified), retaining walls and raised planters. They can remove grass, grade and amend soil, sod or reseed. Leo's thoughtfully and creatively designs and installs beautiful gardens, shrubs or trees. Do you have a difficult situation in your yard? Does your garden need some winter interest? Leo's can make suggestions for successful improvements and get them done! Perhaps all you need is a good autumn clean up and a nice new layer of hardwood mulch.

Autumn is a terrific time for installing new shrubs and trees. Mild days allow for plants to become well established before winter sets in. Many plants and shrubs look good right through winter.

When you consider your landscaping/ garden needs this autumn, the Park Junior High PTC hopes you will consider this dependable local landscaping contractor. Leo's will provide a list of local references. In many cases, you can view their work around your neighborhood. Simply give Leo's the bottom of this flyer. We must remind you, your contract will be with Leo's. In the unlikely event that you are not completely satisfied with your project, Leo's Landscaping will work with you to achieve exactly what you had in mind. We at Park Junior High/ Dist. 102 are not responsible for contracts between you and Leo's. (This is Leo's Landscaping, not Leo and Sons Landscaping) Questions? Lisa Galka 352-6258 (paraday@yahoo.com)
